

## Subject and general wider reading

Dear Year 11

This document will help you with your transition to the sixth form. Please have a look at the sites and resources here and use them in addition to the Hall Park Academy Independent study and resource guides on the Hall Park website

Dear Year 12

The resources here supplement the ones in the Hall Park Independent Learning guide. There are additional websites for wider curriculum enrichment that could be useful while you are off school.

Dear Year 13

To support you with your transition to university, apprenticeships or the world of work there are a number of generic and subject specific sites that you should use over the summer holiday.

Whilst universities will amend their courses in light of the lost weeks of your Post 16 studies it would be beneficial if you worked through the final chapters of your textbooks to ensure you are ahead for next academic year. ***It is also a great idea to get ahead by looking on the website of your chosen university course to find the list of books that are essential or recommended reading for the course. If you can get started now reading these, you will have a head start when you begin your course at university.***
