Home-academy partnership agreement

Working together to help all students achieve their best, now and in the future.

A mutual commitment from the academy, parents and students to support our shared values that provide every student with opportunity for outstanding success.

Our school:

At Hall Park Academy we are ambitious for what every student can achieve, now and in the future. We maintain high expectations and support every student to meet them. Our ambition for students is that they leave school with the knowledge, skills and experiences to make informed choices about their next steps and progress to what they really want to do.

Our **Hall Park Learner** characteristics equip students for success:

Hardworking **A**mbitious **L**earner **L**eader
Participant **A**mbassador **R**esilient **K**ind

Alongside an ambitious curriculum, we offer an extensive co-curricular programme, known as Curriculum Plus. Through engagement with Curriculum Plus, students gain experiences, skills and friendships - and a sense of investment in the school community.

Our experienced and caring pastoral team works closely with students and families to ensure that every young person feels safe, valued and supported. By building positive relationships and responding quickly to individual needs, we help students engage fully in school life, develop confidence and resilience, and achieve their full potential.

We are proud of the strong partnerships between home and school, allowing us to prepare young people not only for outstanding academic outcomes, but for happy, successful and fulfilling futures.
