

## **Parent Forum Minutes**

### **16/4/24 Tuesday**

Staffing update - DT slightly short. DD explained what he is doing as a DT. Science practical are not as frequent

Action – Why not as many practical's in science & DT? ADD to ask the question

Teaching and Behaviour – DD behaviour has been better from feedback from student voice. Positives outweigh the negatives by 4-1

In the classroom – PE covering science lessons parents feel this is ok. Courses for engineering should have been shared with parents before it was stopped and removed from website lots of disappointed people.

Attendance – Is very good across trust. Rewards were adjusted for exceptional circumstances, prom list is now created on case by case. Feedback to parents. Parents are happy individuals with issues are discussed.

Anti-bullying – Getting on top on it – little physical bullying – launched STOP (name calling) DD trying to break the culture (parent said friends yr7 was bullied and school dealt with it very well)

Getting involved in the community – raise profile on socials/parents really like the amount on social media and want more.

Views on detentions' on same day – feel it's better on the day. Majority of students follow the plan.

No negative feedback on detentions

Parents evening – Yr 7 all in one location sports hall trial – students book their own slot not working as they are not booked. Timers on tables times need to be kept – don't feel appointment times work. Feedback survey to go out after parents evening to gain opinions.

DD would you want a talk from the Head/ SLT– NO

Class charts – all using it – seems ok negatives no call detention – call home  
DD wants an increase in positive calls

Tutor reviews seem a long time ago – DD 3 per year. Are targets on class charts? Parents check and found them

No notifications on Class charts better than satchel, although need to check for homework as does not tell you.

Parent forum is moving onto Class charts & website

Any questions;

Pledges – DD it's all sorted in extended tutor info included on data reports – pledge books home or sheet to pass on the info for things completed outside of school. Parents would like to get involved with pledges.

Meeting closed.
